OUTLOOK AND FINANCIAL GOALS

OUTLOOK FOR 2014

- The global economy is expected to continue to grow in 2014 – but it still remains fragile and marred by financial uncertainty
- Economic growth in our neighbouring European markets is expected to remain weak
- New products and solutions designed especially for customers within healthcare, cleantech and the food-related industries and the oil and gas industry is expected to contribute to SP Group growth and earnings
- Maintaining a high level of investment in 2014 – but not as high as in 2013 – largest single investment expected to be for production of medical devices
- Depreciation and amortisation expected to be realised at a higher level than in 2013
- Financial expenses expected to be at a lower level than in 2013
- Tight cost control, capacity adjustments and a continued strong focus on risk, liquidity and capital management provides a strong base for the future
- A slightly larger profit before tax and non-controlling interests in 2014 than in 2013 (DKK 50.2m)
- Level of activity slightly higher than in 2013 (DKK 1,102m) - but the market prospects for the year are still uncertain

LONG-TERM FINANCIAL OBJECTIVES

- Initiatives in the current strategy plan aims to lift revenue to DKK 1.5bn in 2015
- Enhancing EBITDA margin to 12%
- Long-term target for profit before tax and non-controlling interests of around 6-7% of revenue expected to materialise gradually
- Continuing reduction of NIBD – NIBD/EBITDA ratio was 3.8 by end-2013 – and to reduce it to 2-3 at year-end 2015
- Equity ratio (incl. equity attributable to non-controlling interests) maintained at 28.5% by end-2013 – goal is to gradually lift it to 25-40% by 2015
- Fair return to shareholders mainly through share price appreciation
- The goal is that earnings per share will increase by at least 20% p.a. on average over a five-year period
- In continuation of our results for 2013, it is still our opinion that we will be able to meet the goals by 2015 or 2016

BUSINESS UNITS

SURFACE SOLUTIONS

- Accoat develops and produces environmentally-friendly technical solutions involving flourplast (Teflon®), PTFE and other pure materials for industrial and medical purposes
- Accoat applies plastic coatings on products and production plants in a number of industries. Articles being coated range from very small syringes to large tank facilities
- Accoat is among the five largest suppliers of industrial Teflon coating in the EU
- Locations: Kvistgård (DK), Stoholm (DK) and São Paulo (Brazil)

H1 2014 highlights

- H1 2014 revenue unchanged at DKK 88.9m. Q2 revenue DKK 47.1m vs DKK 46.5m in H1 2013
- EBITDA fell slightly in H1 2014 compared with H1 2013 due to a change in the product mix
- Level of business activity slightly lower than anticipated at beginning of year, costs higher
- Stepped-up marketing efforts towards customers in the oil and gas industry, mainly in Europe, won new jobs for future shipment
- Sales improved to the medical devices industry
- A number of customers in the medical devices and chemical industries increasingly demanding services for friction reduction and corrosion protection

Outlook for 2014

- Revenue expected to be in line with 2013
- EBITDA expected to fall slightly compared to 2013

PLASTIC SOLUTIONS

Plastic businesses include:

- Injection Moulding (SP Moulding and SP Medical)
- Vacuum forming (Gibo Plast)
- PUR (Ergomat, Tinby, TPI Polytechnik and Brøderna Bourghardt)
- Extrusion (SP Extrusion)

H1 2014 highlights

- Revenue was up by 8.0% in H1 2014 to DKK 488.0m. Q2 revenue up by 9.8%
- EBITDA up by 7.4% to DKK 49.2m from DKK 45.8m in H1 2013
- Brdr. Bourghardt contributed about DKK 8.0m to H1 revenue – performing well
- Generally positive performances and rising headcounts at factories in Poland, Denmark, Latvia and China
- We continue to optimise production
- A number of new PUR products launched, several more planned
- As expected, starting up SP Extrusion and the start-up of Tinby's and Ergomat's production facilities in the USA impacted H1 2014 EBIT

Outlook for 2014:

- Revenue and earnings expected to continue to improve on 2013
- Healthcare and cleantech activities to be expanded in the USA, Denmark, Poland, Latvia and China
- Sales and marketing activities to be stepped up globally

POLYURETHANE (2)

H1 2014 highlights

Ergomat

- Higher sales and stronger earnings in H1 2014. Global sales up by 3.6%. Quiet Q1 followed by 25.6% global sales improvement in Q2
- Local production set up in the USA – for better service
- Established own subsidiary in Poland that has taken over production of ergonomic mats from Tinby – local sales efforts stepped up

Tinby

- Customers in the cleantech and insulation industries reporting growth
- Expanding production of PUR-components for customers in the cleantech industry
- Local production set up in the USA in order to better serve North American customers

TPI

- Falling revenue and earnings, mainly due to the prevailing political uncertainty
- New customers in Asia, the Middle East and Africa
- Scandinavian market continues to feel the lack of appetite or opportunities for investing in large animal housing facilities

Bröderna Bourghardt

- H1 2014 revenue of about DKK 8.0m
- Performing well and, as expected, bringing in new customers to SP Group's existing business activities

VACUUM FORMING (1)

- Gibo Plast develops, designs and manufactures thermoformed plastic products. The products are mainly used in refrigerators and freezers, buses and cars (automotive), medical devices and lighting equipment as well as in the cleantech industry
- Gibo Plast specialises in traditional vacuum forming, the new high-pressure and twin-sheet technologies and CNC milling
- Market leader in Scandinavia
- Locations: Skjern (DK) and Sieradz (PL)

H1 2014 highlights

- Gibo Plast has developed new projects and solutions for customers in the cleantech and automotive industries
- Expanding operations in Poland

STRATEGY

STRATEGIC DEVELOPMENTS

- Continuing to enhance skill sets and efficiency enhancing of production at factories in China, Poland, Brazil, Latvia, the USA and Denmark
- Focused sales efforts, especially in healthcare, cleantech and food-related products
- Focus on sale of own brands
- Increased efforts towards existing and new customers
- Wage-intensive production facilities to be relocated from Denmark to Poland
- Factory in Poland for production of injection-moulded medical device products expanded
- Vacuum forming factory in Poland expanded
- PUR production in China expanded (Tinby)
- PUR production to be established in the USA (Ergomat and Tinby)
- With the acquisition of Bröderna Bourghardt AB in February 2014 SP Group have increased the local presence in Sweden and Latvia – sale and production of Telene® products and composite solutions

GROWING SALES AND INTERNATIONALISATION OF THE BUSINESS

- Organic growth of 5.2% in H1 2014
- Strengthened sales and marketing efforts in all units
- Consultancy within plastics and coatings
- Differentiation on processes, design and knowledge
- Focus on both existing and new customers
- Increased exports from production sites in Denmark, China, Poland, Latvia, the USA and Brazil focusing on the Americas, Europe and Asia

GROWTH INDUSTRIES AND OWN BRANDS

- Committed efforts to growth industries and new segments, e.g. healthcare and cleantech and food-related industries
- Sustain growth in sales to the medical devices industry
- Enhance sales and earnings growth from own brands, i.e. ventilation equipment (TPI), guidewires (SP Medical) and ergonomic solutions and DuraStripe® striping tape (Ergomat)
- Strengthen the international position (North America, Brazil, China, Latvia and Poland)
- Exploit the potential in other product niches

EFFICIENCY ENHANCEMENT AND RATIONALISATION

- Capacity adjustments
- Each production site will seek to produce and deliver better, cheaper and faster
- Reduction in the consumption of materials and resources (reducing carbon emissions)
- Reduction of running-in and set-up times in production
- Reliability of delivery (on-time delivery) from all factories was increased – 98-99% - and must be further improved
- Level of quality measured on an ongoing basis
- Roll-out of LEAN continues
- Continue to enhance efficiency of purchasing and supply chain and strengthen IT systems and management systems
- Broader geographical sourcing
- Continue to adjust and develop the organisation
- Continuously and critically review the Group's activities

FORWARD-LOOKING STATEMENTS

This presentation contains forward-looking statements reflecting management's expectations for future events and financial results.

Statements relating to 2014 and the following years are inherently subject to uncertainty and SP Group's actual results may thus differ from expectations and targets. Factors that may cause actual results to differ from expectations include, but are not limited to, changes in raw materials and energy prices, changes in foreign exchange rates, changes in macroeconomic and political settings, changes in the demand and production patterns of key customer groups and other external factors.

This presentation does not constitute an invitation to buy or sell shares in SP Group A/S.
